06/25/2020

Dear School District of Flambeau Families,

On Monday, June 22, 2020, the Department of Public Instruction issued Education Forward guidelines for the reopening of Wisconsin schools this fall. Locally, we have been working on reopening plans for the past month and will continue these complex, lengthy, and essential discussions as we move closer to the fall.

As we make these important decisions, the School District of Flambeau is committed to working in conjunction with our local public health office, our medical advisor, and other area school districts to form consistent procedures. We will be looking at and discussing several scenarios, but as we have seen over and over again the past few months, this situation will continue to change. We are committed to building and maintaining an educational system that allows for in-person and/or virtual instruction to best meet our students' needs and provide families with choices as we head into the fall of 2020 and beyond. While planning for different scenarios, we will blend common sense and mitigation strategies related to COVID-19. We will always work knowing that our students are our first priority and will ensure our students are future ready.

We will work to communicate our plans over the summer as we draw closer to September of 2020. District families will be surveyed in early July to gauge their feelings and needs for the fall. This information will be blended into our decision-making process as we work toward releasing our formal Flambeau Education Forward plan.

We appreciate your dedication to our district, your partnerships, your understanding and patience as we work to provide opportunities for students through our summer school session and the reopening of school in the fall.

Sincerely,

Erica Schley
District Administrator

Board of Education

Julie Hauser, President
Doug Verdegan, Vice-President
Linda Applebee, Clerk
Sara Baker, Treasurer

Ruth Opachan, Director
Jennifer Pestel, Director
Mike Schuetz, Director
