SCHOOL DISTRICT OF FLAMBEAU

DISCOVERY DAYS SUMMER PROGRAM 2025

The School District of Flambeau is offering Discovery Days Summer Program opportunities this summer. This is a great opportunity for your child to explore more of their interests and expand their knowledge.

Dates and Times: June 9th – June 26th Monday – Thursday

Classes run in three blocks:

- oBlock A: 8:25 a.m. – 9:30 a.m.
- oBlock B: 9:30 a.m. – 10:30 a.m.
- oBlock C: 10:30 a.m. – 11:30 a.m.

Sign Up Procedure and Information:

1. Sit down with your child and go over the choices available **at his/her grade level they will be entering for the 2025/2026 school year.**
2. Fill out the class sign-up form online (<https://forms.gle/uCnYkDwflaLomd51A>) found on the district website. You may also fill in the paper form below and return it to your child's homeroom teacher or the District Office. Note: Your child does not have to take three classes. They can take one, two, or three if they so choose. Please remember if your child will not be here for the entire half day, you will need to provide transportation home.
3. All classes are assigned on a first-come, first-serve basis. Some classes may not run if there are not enough registrants. You will receive a confirmation list of your child's classes. If a class is canceled, your child will have an opportunity to sign-up for another selection.
4. The registration deadline is Friday, May 2nd.
5. Verification of class assignments will be sent home with the student the week of May 27th–May 30th.
6. Pick-up and drop-off for students being transported by their parents/guardians will be at the front door – S2. For students being transported by bus, this will take place at the normal location; doors by the MS/HS IMC.
7. Students are not allowed to be dropped off before 7:45 a.m.
8. Students are NOT allowed on campus unless they are enrolled in the summer program classes.
9. Breakfast will begin at 7:55 a.m.
10. Lunch will begin at 11:30 a.m.
11. If your child(ren) **REQUIRES** bus transportation, you are required to choose classes from all three (3) sessions and please do not forget to sign the forms!
12. Questions: Please contact Betsy Miller, 4YK-12 Principal at (715) 532-3183 or betsy.miller@flambeauschools.org

Non-Discrimination Policy:

It is the policy of the School District of Flambeau that no person may be denied admission to any public school in this district or be denied participation, be denied the benefits of, or be discriminated against in any curricular, extracurricular, public service, recreational, or other program or activity because of the person's race, sex, religion, national origin, color, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability as required by Section 118.13 of the State Statutes and the Individuals with Disabilities Education Act of 2005. This policy also prohibits discrimination as defined by Title IX of the Educational Amendments of 1972 (sex), Title VI of the Civil Rights Act of 1964 (race, color, national origin), Section 504 of the Rehabilitation Act (handicap) and Americans with Disabilities Act of 1997 (Disability).

Students with Disabilities:

The School District of Flambeau encourages students with disabilities to enroll in any appropriate district-approved summer school courses. Please contact Mrs. Betsy Miller, 4YK-12 Principal if your child(ren) requires any special accommodations to successfully complete summer school course requirements.

SCHOOL DISTRICT OF FLAMBEAU

DISCOVERY DAYS SUMMER PROGRAM 2025

Discovery Days 2025

Grades Eligible: K-8	Swimming Lessons
----------------------	-------------------------

Note: Students will not be allowed to choose the time of their swim session. *Please note that if your student is in grades 3,5 or 7 they will not be able to be in a Block A class due to swim lesson timing. If your student is in grades 2, 4, 6, or 8 they will not be able to be in a Block C class due to swim lesson timing.*

Swim Sessions:

- 8:45–9:30 a.m. for Grades 1, 3, 5, and 7th. Students will leave school at 8:30 a.m.
- 10:15 11:00 a.m. for Grades K, 2, 4, 6 and 8th. Students will leave school at 9:50 a.m.
- 1:30 p.m. – 2:15 p.m. & 2:15 – 3:00 p.m. – Open to All (**Please Note that this is 100% Parent Transported – Pick-up & Drop-off**)

Entering 4YK	Farmyard Fun & First Steps!
--------------	--

This fun and engaging class focuses on farms, where children will explore the importance of farms, the foods they produce, farm animals, and the machinery used. Students will have hands-on opportunities to plant and grow various items, make butter, and taste-test a variety of foods. In addition to learning about farm life, the class will explore school routines, friendship skills, and foundational skills in math, reading, writing, science, dramatic play, creative art, cooking, music, and technology. This active class will feature planned activities both indoors and outdoors, along with special visits from both human and animal guests.

**This class will run consecutively through all three sessions for incoming 4YK students.*

Leader: Heather Isham

Entering Kindergarten	Kick Start Kindergarten
-----------------------	--------------------------------

Learning Independent skills will be our focus as 4YK kids leap into Kindergarten! Each day will be filled with working hands-on with letters, numbers, and shapes while exploring them in fun creative ways with crafts and activities throughout the day. Your child will enjoy a variety of fun classroom games and collaborative projects, making new friends while learning and having a blast.

This class will run consecutively through all three sessions for incoming Kindergarten students.* **Leader: Kelsey Flint

Entering 1st Grade	1st Grade Under the Sea Frenzy!
--------------------	--

Students will dive into the wonders of the ocean as they explore and learn about fascinating sea creatures, their habitats, and their unique adaptations. Through hands-on activities and creative crafts, they'll bring their underwater discoveries to life. Additionally, incoming first graders will get a sneak peek into first-grade learning, engaging in reading, writing, and math activities each day. With fun-filled lessons both inside and outside the classroom, this is the perfect opportunity to learn, play with friends, and make a splash this summer!

**This class will run consecutively through all three sessions for incoming first-grade students.*

Leader: Michelle Weber

Discovery Days 2025

Grades Eligible: K-8	Swimming Lessons
----------------------	-------------------------

Note: Students will not be allowed to choose the time of their swim session. *Please note that if your student is in grades 3,5 or 7 they will not be able to be in a Block A class due to swim lesson timing. If your student is in grades 2, 4, 6, or 8 they will not be able to be in a Block C class due to swim lesson timing.*

Swim Sessions:

- 8:45–9:30 a.m. for Grades 1, 3, 5, and 7th. Students will leave school at 8:30 a.m.
- 10:15 11:00 a.m. for Grades K, 2, 4, 6 and 8th. Students will leave school at 9:50 a.m.
- 1:30 p.m. – 2:15 p.m. & 2:15 – 3:00 p.m. – Open to All (**Please Note that this is 100% Parent Transported – Pick-up & Drop-off**)

Grades: 2-3	Makerspace
-------------	-------------------

Welcome to our NEW elementary Makerspace! Spend some time this summer exploring your creativity, collaborating with friends, and developing problem-solving skills. Our makerspace is packed with a variety of tools, materials, and resources for hands-on learning and innovation- it's an enhanced STEM experience. Join us this summer at our Makerspace, where imagination meets innovation! Let's make, create, and learn together! (Limit of 10 students) **Leader: Teresa Steckel**

Grades 2-4	Book Cooks
------------	-------------------

Stir up a batch of eager readers with "Book Cooks" literature-based classroom cooking activities. Favorite children's books inspire all recipes and will motivate young readers to enjoy hands-on cooking experiences. Students will practice math and reading skills, learn science concepts, work cooperatively, develop good work habits, build self-confidence, and bring recipes home to share with family and friends.

Leader: Megan Mercier

Grades: 2-3	Games, Games, Games!
-------------	-----------------------------

Are you excited for a summer packed with games, friends, and fun? Let your creativity soar with classic games like Uno, Dominoes, Sorry, and puzzles, as well as some awesome STEM games like marble run, magnets, Brain Flakes, building blocks, brain teasers, math games, and so much more! So put on your game face and let's gear up to PLAY! Can't wait to see you there!(Limit of 10 students) **Leader: Teresa Steckel**

Discovery Days 2025

Grades: 1-3	Edible Science
-------------	-----------------------

Become a mad scientist as we explore edible science! Explore and experiment as we learn about the world around us through hands-on labs. Learn how to record data and what it means. Usually, the first rule in science is to never eat your experiments, however, this class features food-based labs that are consumption safe. The hardest experiment of all is seeing if you can wait until the end of the lab to gobble up your results! (Limit 12 students) **Leader: Ridgeley Reichert**

Grades: 2-3	Arts & Crafts
-------------	--------------------------

Embark on a journey of creativity this summer! This class offers hands-on experiences filled with creativity and enjoyment. Participants will engage in various art and craft activities, including painting, drawing, Shrinky-Dinks, diamond art, and designing friendship bracelets. This summer, take time to explore your artistic expression while you take a break from the summer heat and hang out with your friends. (Limit of 10 students) **Leader: Teresa Steckel**

Grades 3-4	Coding
------------	---------------

Ready to dive into the exciting world of coding? Join us this summer and discover how to create your own games, stories, and animations! We'll use kid-friendly visual programming tools to learn the basics of coding, like sequences, loops, and events. No prior coding experience is needed – just bring your imagination and get ready to build amazing digital creations. Let's turn your ideas into reality, one line of code at a time! **Leader: Ali Hruby**

Grades 2-8	Leisure Library Time
------------	-----------------------------

Leisure Library is a relaxed and engaging summer school class designed for students who love stories and creativity. Each session will feature interactive read-alouds, group discussions, and fun projects inspired by the books we explore. Students will also have time for independent reading and safe internet browsing for enjoyable reading or educational games. **Leader: Megan Mercier**

Grades: 3-7	Keyboardin g
-------------	---------------------

Unlock the power of the keyboard this summer! Whether you're a beginner or looking to improve your skills, this course will transform you into a typing whiz. We'll explore the home row, master proper finger placement, and learn essential keyboard shortcuts. Through fun games and interactive exercises, you'll boost your speed and accuracy, making computer work a breeze. Get ready to type your way to success! **Leader: Ali Hruby**

Class offerings for students entering **2nd & 3rd**

Discovery Days 2025

Grades Eligible: K-8	Swimming Lessons
----------------------	-------------------------

Note: Students will not be allowed to choose the time of their swim session. *Please note that if your student is in grades 3,5 or 7 they will not be able to be in a Block A class due to swim lesson timing. If your student is in grades 2, 4, 6, or 8 they will not be able to be in a Block C class due to swim lesson timing.*

Swim Sessions:

- 8:45–9:30 a.m. for Grades 1, 3, 5, and 7th. Students will leave school at 8:30 a.m.
- 10:15 11:00 a.m. for Grades K, 2, 4, 6 and 8th. Students will leave school at 9:50 a.m.
- 1:30 p.m. – 2:15 p.m. & 2:15 – 3:00 p.m. – Open to All (**Please Note that this is 100% Parent Transported – Pick-up & Drop-off**)

Grades 3-4 Grades 5-7	Coding
--------------------------	---------------

Ready to dive into the exciting world of coding? Join us this summer and discover how to create your own games, stories, and animations! We'll use kid-friendly visual programming tools to learn the basics of coding, like sequences, loops, and events. No prior coding experience is needed – just bring your imagination and get ready to build amazing digital creations. Let's turn your ideas into reality, one line of code at a time! (2 sessions; 3rd & 4th, 5th–7th) **Leader: Ali Hruby**

Grades 2-4	Book Cooks
------------	-------------------

Stir up a batch of eager readers with "Book Cooks" literature-based classroom cooking activities. Favorite children's books inspire all recipes and will motivate young readers to enjoy hands-on cooking experiences. Students will practice math and reading skills, learn science concepts, work cooperatively, develop good work habits, build self-confidence, and bring recipes home to share with family and friends. **Leader: Megan Mercier**

Grades 4-6	Math Mania: Puzzles, Games, & Fun
------------	--

Join us for a summer of math like you've never seen before! In this fun and interactive class, students will explore math through exciting games, brain teasers, hands-on activities, and friendly challenges. We'll build math skills while having a blast with puzzles, scavenger hunts, and creative problem-solving. Get ready to discover how awesome math can be! **Leader: Elizabeth Biller-Skogstad**

Grades 2-8	Leisure Library Time
------------	-----------------------------

Leisure Library is a relaxed and engaging summer school class designed for students who love stories and creativity. Each session will feature interactive read-alouds, group discussions, and fun projects inspired by the books we explore. Students will also have time for independent reading and safe internet browsing for enjoyable reading or educational games. **Leader: Megan Mercier**

Discovery Days 2025

Grades: 5-8	Cooking Around The World
-------------	---

Cooking Around the World is a hands-on culinary adventure where students will explore and create delicious dishes from different cultures! From sizzling Mexican tacos to savory Italian pasta, each class will feature a new country's cuisine with fun, easy-to-make recipes. Along the way, students will learn about unique ingredients, cooking techniques, and the stories behind the food. Get ready to mix, chop, and taste your way around the world! **Leader: Megan Mercier**

Grades 4-6	Junior Golf Explorers
------------	----------------------------------

Swing into summer fun with our Golf Discovery Days, designed especially for students grades 4 through 6. This beginner-friendly program introduces kids to the fundamentals of golf in a positive and encouraging environment. In this class, students grades 4 -6 will: Learn key golf skills, including grip, stance, swing, putting, and chipping. Practice aim, focus, and hand-eye coordination through fun drills and activities. Build confidence, patience, and sportsmanship as they develop their skills on and off the course. Play engaging games that make learning golf exciting and enjoyable for all. Whether your child is new to the game or already interested in golf, this class provides a great introduction to the sport while encouraging healthy movement, concentration, and fun! All equipment will be provided, but students are welcome to bring their own clubs if they prefer. **Leader: Kevin Ross**

Grades 5-8	Crochet or Knitting
------------	--------------------------------

Create your own little creatures with yarn. Students can choose to learn to crochet or knit. We will learn basic stitches and how to read a pattern (in chart format and written form), then use our new skills to crochet or knit an animal of your choice. No prior knowledge of crochet or knitting is necessary, but if you know the basics, you can explore more complicated stitches/patterns to expand your skills. Advanced students can crochet/knit a larger project if they would like (ex. Socks, hand warmers, lace shawls, hats, etc.). Limit 8 students **Leader: Ridgeley Reichert**

Grades: 4-8	Hoop it Up! BB Skills & Drills
-------------	---

Calling all future all-stars! Join us for an action-packed basketball skills practice designed for students in grades 4-8. Whether you're new to the game or looking to sharpen your moves, this fun and energetic class will focus on dribbling, shooting, passing, defense, and teamwork. Get ready to build your confidence, improve your game, and have a blast on the court this summer!

Leader: Elizabeth Biller-Skogstad

Grades: 3-7	Keyboardin g
-------------	-------------------------

Unlock the power of the keyboard this summer! Whether you're a beginner or looking to improve your skills, this course will transform you into a typing whiz. We'll explore the home row, master proper finger placement, and learn essential keyboard shortcuts. Through fun games and interactive exercises, you'll boost your speed and accuracy, making computer work a breeze. Get ready to type your way to success!

Leader: Ali Hruby

Class offerings for students entering

4th & 5th

Discovery Days 2025

Grades 4-8	Flag Football
------------	----------------------

Get ready for a fun and active summer with our Flag Football Discovery Days! This exciting program is designed for students of all skill levels who want to learn the basics of flag football while building teamwork, sportsmanship, and fitness. In this class, student's grades 4 through 8 will: Learn the rules and fundamentals of flag football, including passing, catching, running, and defensive techniques. Develop teamwork, communication, and leadership skills through group drills and scrimmages. Stay active and build confidence in a safe, non-contact environment where every child has a chance to shine. Enjoy fun, age-appropriate games that keep the energy high and the learning hands-on. Whether your child is a first-time player or already loves the game, this class will help them improve their skills, stay active, and make new friends. Join us for a summer of flag football fun!

Leader: Kevin Ross

Grades 5-8	Game On!
------------	-----------------

Get ready for nonstop action in this high-energy Sports Extravaganza where fun meets fitness! From volleyball and wiffle ball to kickball, dodgeball, and more, you'll stay active, make new friends, and sharpen your game skills. Whether we're indoors or out, every day is packed with teamwork, laughter, and friendly competition. Don't miss your chance to be part of the ultimate summer sports adventure!

Leader: Elizabeth Biller-Skogstad

Grades: 5-8	Aquaponics
-------------	-------------------

Explore a fun and exciting way of growing food through aquaponics - a production system that combines aquatic animal husbandry with aquaponics. Participants will learn about the history, science, and practice of aquaponics. As a class, students will work together to set up and maintain an aquaponics system with the ultimate goal of learning about unique food production and growing scrumptious vegetables.

(Limit of 10 students) **Leader: Bayli Vacho**

Grades 5-8	Ecology
------------	----------------

Do you love nature? Together, let's embark on a quest of ecological discovery! In this class, students will learn about plants, animals, and everything in between and interact with each other. We will explore ecosystems from across the world and practice ecological research and data collection in our own backyards. Let's look at the skies and check under rocks for clues on understanding the natural world.

(Limit of 10 students) **Leader: Bayli Vacho**

Grades: 5-8	Conservation
-------------	---------------------

Everyone needs a helping hand, and sometimes that someone is the environment. Join us this summer to learn about conservation and sustainability. Students will discover common challenges for our environment and participate in hands-on activities like litter walks, tree planting, composting, bird house and pollinator habitat construction and much more. (Limit of 10 students) **Leader: Bayli Vacho**

Class offerings for students entering

4th & 5th

Discovery Days 2025

Grades Eligible: K-8

Swimming Lessons

Note: Students will not be allowed to choose the time of their swim session. *Please note that if your student is in grades 3,5 or 7 they will not be able to be in a Block A class due to swim lesson timing. If your student is in grades 2, 4, 6, or 8 they will not be able to be in a Block C class due to swim lesson timing.*

Swim Sessions:

- 8:45-9:30 a.m. for Grades 1, 3, 5, and 7th. Students will leave school at 8:30 a.m.
- 10:15-11:00 a.m. for Grades K, 2, 4, 6 and 8th. Students will leave school at 9:50 a.m.
- 1:30 p.m. - 2:15 p.m. & 2:15 - 3:00 p.m. - Open to All (**Please Note that this is 100% Parent Transported - Pick-up & Drop-off**)

Grades: 6-8

Reborn Painting

Bring a baby doll to life. Students will learn techniques to create their very own newborn-size reborn baby including painting, rooting hair, and weighting. We will start with a blank reborn kit (head, limbs, and cloth body). We will paint our babies with air-dry paints, adding realistic details to mimic the real features of a living baby (ie. veining and blushing). Students will learn hair-rooting techniques to add to the realism of their reborn. Once our dolls are painted, we will weigh them with glass beads so they pose and feel like real babies. Finally, we will photograph our creations to capture those precious newborn photos. (Limit 10 students)

Leader: Ridgeley Reichert

Grades 4-6

Math Mania: Puzzles, Games, & Fun

Join us for a summer of math like you've never seen before! In this fun and interactive class, students will explore math through exciting games, brain teasers, hands-on activities, and friendly challenges. We'll build math skills while having a blast with puzzles, scavenger hunts, and creative problem-solving. Get ready to discover how awesome math can be! **Leader: Elizabeth Biller-Skogstad**

Grades 5-7	Coding
------------	--------

Ready to dive into the exciting world of coding? Join us this summer and discover how to create your own games, stories, and animations! We'll use kid-friendly visual programming tools to learn the basics of coding, like sequences, loops, and events. No prior coding experience is needed – just bring your imagination and get ready to build amazing digital creations. Let's turn your ideas into reality, one line of code at a time! (2 sessions; 3rd & 4th, 5th-7th) **Leader: Ali Hruby**

Grades 5-8	Crochet or Knitting
------------	---------------------

Create your own little creatures with yarn. Students can choose to learn to crochet or knit. We will learn basic stitches and how to read a pattern (in chart format and written form), then use our new skills to crochet or knit an animal of your choice. No prior knowledge of crochet or knitting is necessary, but if you know the basics, you can explore more complicated stitches/patterns to expand your skills. Advanced students can crochet/knit a larger project if they would like (ex. Socks, hand warmers, lace shawls, hats, ect.). Limit 8 students **Leader: Ridgeley Reichert**

Grades 2-8	Leisure Library Time
------------	----------------------

Leisure Library is a relaxed and engaging summer school class designed for students who love stories and creativity. Each session will feature interactive read-alouds, group discussions, and fun projects inspired by the books we explore. Students will also have time for independent reading and safe internet browsing for enjoyable reading or educational games. **Leader: Megan Mercier**

Class offerings for students entering

6th – 8th

Discovery Days 2025

Grades: 4-8	Hoop it Up! BB Skills & Drills
-------------	--

Calling all future all-stars! Join us for an action-packed basketball skills practice designed for students in grades 3-8. Whether you're new to the game or looking to sharpen your moves, this fun and energetic class will focus on dribbling, shooting, passing, defense, and teamwork. Get ready to build your confidence, improve your game, and have a blast on the court this summer!

Leader: Elizabeth Biller-Skogstad

Grades 4-6	Junior Golf Explorers
------------	------------------------------

Swing into summer fun with our Golf Discovery Days, designed especially for students grades 4 through 6. This beginner-friendly program introduces kids to the fundamentals of golf in a positive and encouraging environment. In this class, students grades 4 -6 will: Learn key golf skills, including grip, stance, swing, putting, and chipping. Practice aim, focus, and hand-eye coordination through fun drills and activities. Build confidence, patience, and sportsmanship as they develop their skills on and off the course. Play engaging games that make learning golf exciting and enjoyable for all. Whether your child is new to the game or already interested in golf, this class provides a great introduction to the sport while encouraging healthy movement, concentration, and fun! All equipment will be provided, but students are welcome to bring their own clubs if they prefer.

Leader: Kevin Ross

Grades 7-12	Swing & Score Intermediate Golfers
-------------	--

Looking to learn a new skill or improve your golf game this summer? Enroll in our Golf Discovery Days class, designed for students in grades 7 through high school. Whether you're a beginner picking up a club for the first time or an experienced player looking to fine-tune your swing, this class will provide a well-rounded golf education in a supportive and structured environment. Throughout the session, students will engage in daily lessons covering key aspects of the game, including: Fundamentals: Learn proper grip, stance, and swing technique. Short Game Skills: Improve your putting and chipping. Course Management: Understand shot selection and strategy. Golf Rules & Etiquette: Master the essential rules of play and on-course behavior. Class time will include hands-on practice, group drills, and time spent on the course. By the end of the session, students will have improved their skills, gained a deeper understanding of the game, and built confidence both on and off the green. This course is a great opportunity to develop your athletic abilities, learn lifelong lessons in sportsmanship, and have fun outdoors. **Leader: Kevin Ross**

Grades 5-8	Game On!
------------	-----------------

Get ready for nonstop action in this high-energy Sports Extravaganza where fun meets fitness! From volleyball and wiffle ball to kickball, dodgeball, and more, you'll stay active, make new friends, and sharpen your game skills. Whether we're indoors or out, every day is packed with teamwork, laughter, and friendly competition. Don't miss your chance to be part of the ultimate summer sports adventure!

Leader: Elizabeth Biller-Skogstad

Grades 4-8	Flag Football
------------	----------------------

Get ready for a fun and active summer with our Flag Football Discovery Days! This exciting program is designed for students of all skill levels who want to learn the basics of flag football while building teamwork, sportsmanship, and fitness. In this class, student's grades 4 through 8 will: Learn the rules and fundamentals of flag football, including passing, catching, running, and defensive techniques. Develop teamwork, communication, and leadership skills through group drills and scrimmages. Stay active and build confidence in a safe, non-contact environment where every child has a chance to shine. Enjoy fun, age-appropriate games that keep the energy high and the learning hands-on. Whether your child is a first-time player or already loves the game, this class will help them improve their skills, stay active, and make new friends. Join us for a summer of flag football fun! **Leader: Kevin Ross**

Class offerings for students entering

6th - 8th

Discovery Days 2025

Grades:
8-12

**Marching
Band**

Students will march in three or four parades during the summer - Sheldon, Ingram, Glen Flora, and sometimes Jump River. We usually practice twice during the week just before the parade (three times for Sheldon, since that's the first parade).

Leader: Kurt Hoesly

Grades: 2-6

**Reading
Rockets**

Reading Rockets is designed to empower students with the foundational reading skills they need to succeed academically and beyond. By addressing their individual needs and providing fun hands-on learning activities, we aim to instill a love for reading and equip students with the tools they need to become confident readers.

Teachers: Dana Stewart and Megan Ellwanger

Grades 3-5

Explore Wisconsin / July 14 - July 17

Explore Wisconsin gives students the unique chance to travel across Wisconsin learning about its history, culture, and topography by exploring different locations. A full week is required for this exciting summer school opportunity. Trips may include hikes, swimming, spelunking, museums, zoos, and many other experiences.

This is an enrichment program being offered to students with proven exemplary behavior in school, on the school bus, and on field trips. Participants are expected to represent the most outstanding citizenship qualities of a Flambeau student.

Leaders: Heather Isham & Kelsey Flint

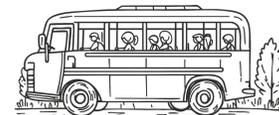

The current schedule is as follows:

***Please note the change to a Monday-Thursday schedule.**

- Mon., July 14th - Wildwood Wildlife Park (Minocqua)
- Tues., July 15th - Farm Wisconsin Discovery Center (Manitowoc)
- Wed., July 16th - Madeline Island & Les Voight Fish Hatchery (Bayfield)
- Thurs., July 17th - Willow River Park (Hudson) & Mabel Tainter Theater (Menomonie)

Important items to note regarding this class:

- Parents *MUST* provide transportation to and from school at scheduled times and may include EARLY drop offs and *EVENING* pickups.
- Families may be required to pack some meals and/or snacks for their child.
- Exact schedules will be provided after enrollment is confirmed.
- Enrollment is limited.

SPECIAL SUMMER CLASSES

Discovery Days 2025

Grades: 3-7	Hiking, Hiking, Hiking!
-------------	--------------------------------

Lace up your boots and get ready for an adventure-filled week! All you will need is sunscreen, bug spray, and comfortable walking shoes. We'll start by exploring the trails right here at school, discovering hidden paths and local wildlife. Then, we'll hop in the school van and venture out to some of the area's most beautiful natural spots: Little Falls, Big Falls, and the mysterious Slough Gundy. Get ready for fresh air, amazing scenery, and the thrill of exploring the great outdoors, in up to a two-mile walk each day. Let's hit the trails and make some unforgettable memories!

Leader: Kelly Hruby

This class is offered 3 times, one week is one session. When you sign up for this class, be sure to identify the week you are registering. (LIMIT OF 9 STUDENTS per session)

- Hiking, Hiking, Hiking! (June 9-12th)**
- Hiking, Hiking, Hiking! (June 16-20th)**
- Hiking, Hiking, Hiking! (June 23-27th)**

Grades: 3-12	Sunday Night Basketball
--------------	--------------------------------

We will focus on ball-handling, finishing, passing, and shooting through offensive & defense drills and competitive small-sided games. It's never too early to improve your skills for next season.

This class will be held on **Sunday nights from 5:00 - 6:00 pm;**

June 8th, 15th, 22nd, 29th, and July 6th.

Leaders: Amanda Coggins & Elizabeth Schmidt

Grades 4-8	Basketball Camp July 14th - 18th
------------	---

Basketball camp is open for all players (beginners to those with experience), looking to improve their basketball skills and knowledge of the game. During camp, we will work on skills such as ball handling, shooting, passing, defense, and more. There will also be an emphasis on creating an environment that is competitive, challenging, and fun with many team and individual player games and drills. We hope all players who come to camp leave feeling more excited and confident about playing basketball.

Leaders: Elizabeth Schmidt & Amanda Coggins

July 14th-18th ; M-F, 4th-8th Grade; 4:00-5:30 p.m.

Activity Bus will doVillage pick-ups/ drop-offs

SPECIAL SUMMER CLASSES

Discovery Days 2025

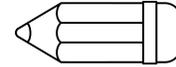

Grades: 9-12

Credit Recovery

What is credit recovery you ask? Credit recovery is a strategy that encourages students to fulfill the credit requirement for graduation if they have fallen behind. The setting for credit recovery is very relaxed which aids in student success. Students will receive a syllabus with a timeline of when work is to be completed and turned in. A student may be referred by staff or administration.

Classes begin on June 9th – the completion date determined by the instructor & student. They will be held Monday – Thursday every week. This class will run consecutively through all three sessions.

Leader: Eileen Dean

Grades: 6-12

Band Lessons

Individual or small group lessons for students in grades 5 -12 where they meet either once or twice a week, depending on the student's interests and schedules. Lessons last half an hour. Sixth graders who will be in band in the fall are especially encouraged to sign up for summer lessons - or at least come in to test-play instruments so we can figure out what they will end up playing.

Leader: Kurt Hoesly

Grades: 9 & 10

MAKING UP FOR LOST TIME: Capital Trip

Our Fall 2025 Freshmen and Sophomores are all invited to join Mr. Reichert and Mrs. Isham on a trip to Madison to visit our state capitol in June. These grades were not able to visit the capitol when our Flambeau students usually do during their 4th-grade year because of Covid, and we feel it is important for them to not just learn about but see our seat of governance in Wisconsin. This is especially relevant as the upcoming sophomores would have just finished American Government and the upcoming freshmen will just have finished Civics and be starting American Government in the fall. A trip to and tour of the Capitol will be the main focus. This is a one-day opportunity for students to learn more about how our democracy works and also explore some other places in Madison as time permits. This is an enrichment program being offered to students with proven exemplary behavior in school, on the school bus, and on field trips. Participants are expected to represent the most outstanding citizenship qualities of a Flambeau student.

The current tentative schedule is as follows:

- 7:00 am - Meet at Flambeau
- 11:30 am - Sack Lunch at Picnic Point in Madison followed by Walk to the Capitol
- 2:00 pm - Veterans Museum
- 3:00 pm - Capitol Tour
- 7:30 pm - Stop for Supper in Tomah
- 10:30 pm - Pick Up at Flambeau School

Important items to note regarding this trip: Parents MUST provide transportation to and from school at scheduled times, and it will include a MORNING drop off and an EVENING pickup. Families may be required to pack some meals and/or snacks for their child. We will be stopping for supper on the way back, so send money for meals, snacks, and souvenirs. Exact schedules will be provided after enrollment is confirmed.

Day of Trip: June 5, 2025 **Leader:** Heather Isham and Colten Reichert

SPECIAL SUMMER CLASSES

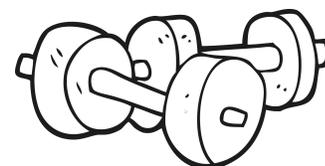

Discovery Days 2025

Grades 5-12	Strength & Conditioning
-------------	------------------------------------

This class is much more than just an open weight room. Students will spend the first 15 minutes in the classroom watching videos and learning the proper way to lift weights and run. We will also discuss nutrition. You will learn how to stay fit and/or become bigger, faster, and stronger. Students will perform warm-ups, which will consist of a jog, speed lines, and dynamic stretching. In addition, students will be lifting weights and running. We will lift and do agility on Mondays, Tuesdays, and Wednesdays. Each day we will work in some Physical Education type games as well.

This is a great class for both males and females! Your effort in the off-season will greatly increase your success during the season. **6:00 am-8:00 am** **Leader: Todd Roehl**

Grades: 9-12	Environmental Challenge
--------------	--------------------------------

Students take on several projects that allow them to build teamwork skills, and to protect and conserve our environment within our community. This is a great program that allows students to learn to be good stewards of the earth while helping out the community's environment! Students will also learn the importance of regulations and steps that go along with the work they're performing. Students who participate in this class will receive a stipend after they have completed this environmental stewardship. Get ready to make a difference in our local community!

PLEASE NOTE: If you would like to participate in this program, please complete the application that is located at the front office and turn it in with your completed registration packet.

My PLANET

If selected for the program, you will be contacted by the teacher to inform you of the start and end dates. This program doesn't run with the summer school schedule and students will need to provide their own transportation to and from the school.

Leader: Todd Roehl

SPECIAL SUMMER CLASSES

Discovery Days 2025

SWIMMING LEVELS

Pre-Beginners - Level 1 Water Exploration	Pre-Beginners - Level 2 Primary Skills
Level A:	Level A:
Bubble blowing	Hold your breath - 3 seconds
Front float	Retrieve object with help
Back float	Front float or glide
Entering water alone	Step from side to chest-deep
Water safety rules	Front glide with flutter kick
Learn how to get help	Combined stroke front - 5 yards
Reaching assists	Float face-up in a lifejacket
Reaching and extension on deck	Assist non-swimmer to feet
Level B:	Level B:
Submerge face 3 Seconds	Back float or glide
Bounce chest deep - 10 Times	Level off from vertical
Walk chest deep - 5 yards	Rhythmic breathing bob - 10 times
Front float with kick-supported	Back glide with flutter kick
Back float with kick-supported	Finning on back
Walk alternating arms - 5 yards	Back crawl arm action
Release cramp	Combined stroke back - 5 yards
Wear a lifejacket on deck	Turn over front to back
Wear a lifejacket in the water	Turn over back to front
	Video or demo rescue breathing

SWIMMING LESSONS

Beginners - Level 3: Stroke Readiness	Advanced Beginners - Level 4: Stroke Development
Bob from deep to standing	Deep water bobbing
Dive from kneel or compact position	Experiment with buoyancy & float
Front crawl with breather - 10 yards	Rotary breathing
Back crawl coordinated - 10 yards	Dive from stride or standing
Elementary backstroke kick - 10 yards	Elementary backstroke - 10 yards
Reverse direction on the back	Sculling on back - 15 seconds or 10 yards
Learn safe diving rules	Front crawl - 25 yards rotary breast
Tread water	Back crawl - 10 yards
Learn to open the airway for AR	Breaststroke kick - 10 yards
	Sidestroke kick - 10 yards
	Introduce turn-off wall
	Tread water – 2 minutes
	Learn rescue breathing
	Video or demo of CPR
Advanced Beginners - Level 5: Stroke Refinement	Intermediates - Level 6: Proficiency
Alternate breathing	Approach & hurdle on the diving board
Stride jump entry	Jump tuck from a diving board
Beginner diving from board	Front crawl - 100 yards - 1 turn
Long shallow dive	Back crawl - 100 yards - 1 turn
Breaststroke - 10 yards	Breaststroke - 25 yards
Sidestroke - 10 yards	Sidestroke - 25 yards
Underwater swim	Butterfly - 10 yards
Elementary backstroke - 25 yards	Approach stroke - 25 yards
Butterfly kick - 10 yards	Breaststroke turn
Front crawl - 50 yards	Sidestroke turn
Back crawl - 50 yards	Front crawl flip turn
Open turn on the front	Pike surface dive
Open turn on back	Tuck surface dive
Rules for safe diving on board	Tread alternate kicks - 3 minutes
Recognition of spinal injury	1 minute no hands
Hip/Shoulder support	Throwing rescue
Feet-first surface dive	Roll spinal injury victim face up
Tread water - 2 minutes - 2 kicks	

Swimmers – Level 7: Advanced Skills

Front dive from board
Back crawl - 100 yards
Front crawl - 200 yards
Sidestroke - 50 yards
Backstroke flip turn
Conditioning Principles
Retrieve brick - 8'-10' deep
Tread water - 5 minutes
Review all strokes swim - 500 yards
Underwater swim - 15 yards
Breaststroke - 50 yards
Butterfly - 25 yards
In water rescue with equipment
Check heart rate
Review basic water safety skills
Assist in back-boarding a victim
